

NO ROOM AT THE INN?

Five pregnant Bedfordshire mothers will spend Christmas this year with the prospect of eviction hanging over them and their unborn children. They are residents of the Woodside caravan park, at Hatch, near Sandy. Mid Beds Council have hired private security company Constant & Co to demolish their homes.

For the past five years these mothers have been trying to obtain planning permission. But it has been refused.

WHY? We believe the main reason is a prejudice against Romany people which colours the council's judgement
